

# The Kitchen

questions answered.

Of the Land

## **The Kitchen FAQs**

### **When can I book the catering for my wedding?**

Yes! Please book your date as early as possible to guarantee availability. Email [catering@oftheland.co](mailto:catering@oftheland.co) to get started.

### **Does your catering include wait staff?**

Included in the price is staff to take the compostable plates, napkins, and flatware and put them in the compost and trash. If you rent dishes, the collecting, scraping, and stacking will need to be fulfilled with another vendor.

### **Do you provide plates?**

Included in the price is our white, square compostable plates and bamboo flatware and a linen blend napkin.

## **The Kitchen FAQs**

### **Do you offer a buffet?**

We offer a buffet set up in the greenhouse OR a plated dinner entree out of the catering kitchen.

### **What about appetizers?**

Included in the price is our featured appetizer, our Artisan Board. This is available plated on appetizer trays for a self-serve buffet, either in the Greenhouse or the Garden.

### **Do I have to collect RSVP's for each menu item?**

Included in the price is one meat and one vegetarian option. It is extremely helpful if we know ahead of time exactly how many people choose meat or vegetarian. This is critical for us to keep our food waste at bay. It is not required, but it is extremely helpful to our mission of sustainability.

### **When are my final numbers due?**

The final numbers for your catering are due 35 days prior to your event. We will ask you for an estimate ahead of time, but you have up until 35 days before to change them. You will only be charged for the number you submit 35 days prior.
